

CONCLUSION

We have done it, ten weeks of spending time daily with God, hopefully growing closer to Him. But this is only a beginning, for if we stop here nothing has really been gained in our daily walk with the Master. It blows my little mind that the Creator of the Universe wants to have an alive and growing relationship with me. God wants for each of us to commit time each day to prayer and the study of His Word. How can we learn more about Him and what He wants for our lives without that daily connection to Him?

God has called you to make a difference on your campus for Him both on and off the field. He wants you to bring salt and light to your teammates and coaches as well as those others you see on campus. A great place to do that is by going to your campus Fellowship of Christian Athletes Huddle and getting involved. If your campus does not have a huddle go on the FCA website (www.fca.org) and click on find local staff. You will be able to contact the local staff person for your area and ask him to help start a huddle. Attend church regularly, start a team Bible study, pray daily for your teammates, coaches, and your campus.

My prayer from the very beginning of writing this study is that it could be used to draw each of us closer to God. Next year there will be a new ten week study. If you have ideas about topics you would like to see addressed or feedback about this summer's study feel free to contact me. May God richly bless you as you grow closer to Him each day!
