

INTRODUCTION

Welcome to the FCA Baseball Collegiate Player Summer Bible Study. Our goal this summer is to keep each of us grounded in God's Word daily. You will notice that each week there is a Major theme for the week. Each Wednesday there is a major lesson on the theme. The other six days there will be a Daily Bible Reading on the weekly theme with questions for reflection. The Study should begin the week before you report and will conclude the week after you return home.

A weekly Conference Call will be set by league to discuss the major lesson and weekly theme. This will be a time we share prayer requests as well as time in God's Word. The call will last no more than 1 hour each week.

God has blessed you to play ball this summer and to be a witness for Him. Our hope is that each of us will grow closer to Him each day as we study His Word and spend time with Him daily. God has great plans for you this summer to be His salt and light sharing His love with your coaches, teammates, and those in the community in which you play.

FCA Baseball and I are committed to praying for each of you daily. I will be available to you at any time. As the National Director of Baseball Ministries for FCA, I have seen firsthand the impact Christian baseball players can have on their teams and their communities. My prayer for each of you is that God will draw you closer to Him through these studies as you share His love this summer! Shine bright for Him!!!
